“ Just heard about Bob's passing. He was my larger-than-life cousin who we all looked up to and admired. My parents and I would listen to the University of Pittsburgh football games on the radio and I remember my mom screaming just about every time his name was mentioned! To this day, our family talks about him being one of the Univ. of Pittsburgh three “C” boys (Clemens, Cox, Cunningham). Bob was always very kind to our family and he consistently had so much energy behind his “rapid-talk” stories. His wife, Carol, was such a beautiful person - both inside and out. She also was very kind and caring to the family! We will never forget our big cousin Bobby!

“ Bob was one of greatest leaders I had the privilege of working for. Bob brought me out of claims and into sales which started a career beyond dreams. Everything he promised, taught, modeled and built came true. There's simply no way I could thank him enough for all that he did for myself and my family. Memories of one on one's, tough conversations, strategy development and of course the Pittsburgh Steelers. Bob was the best. A man of principle and integrity. Rest in peace. And prayers to all the family.

“ *Bob Clemens was a great guy. It was always nice to be with him at church functions and other events. We shared stories and had lots of laughs during the many golf outings of our retired men's group. When talking football, my playing for a small college, paled in comparison to his outstanding record as a great player for U. of Pittsburgh (rooming with Mike Ditka) and then playing for the NFL Baltimore Colts. He corroborated the stories of some of those zany Colts players! Bob always had a smile and was energetic - I miss having to concentrate to keep up with his spirited rapid-fire talking! Our sincere condolences to Carl and the family.*
