“ Todd was a tremendous influence in my life. He impacted me in a way that no one else could have. I was border line diabetic and high blood pressure issues. I was obese and extremely un healthy. Todd work with me for over a year and enabled me to lose 100 lbs, win the "monthly" Max Muscle challenge, and place third in the "Mr. Georgia" bodybuilding show. Beyond that my Big Buddy was dear to my heart. He genuinely cared about people and had more compassion than anyone else I have known. I am so sorry and will be ever remorseful for getting to busy in my own life and not staying in touch with my Big Buddy. Todd will always be alive in my heart and I can (in my minds eye) see that big smile on his face.

Todd I Love you Bro. Thank you for saving my life and teaching me healthy habits, and for enabling me to enjoy a better quality of life. Thank you for the happiness that you brought into my life. My heart is so broken now man, but I know one day i will see you in Heaven. Thank you for making this world a better place, just by being in it. Love, Jeff.##imported-begin##Jeff Smith##imported-end##

“ To Todd's Family,

I only heard about Todd this weekend, and I was devastated. When he injured himself in October of 2006, I spent many days visiting with him at the hospital and kept after he got home. I was fooled into thinking Todd was getting better. I recently was unable to get in touch with him; now I know why. I am so sorry for you and for your loss. I can only hope Todd is in a better place that makes him happy. It is a loss for us all; I wanted to help Todd and see him get well and happy. I'm sorry I didn't see signs that he wasn't getting better.##imported-begin##Melissa Foster##imported-end##
