

## Mr. Rolf S. Andresen

April 22, 1935 - October 31, 2022

On October 31, 2022, the world lost one of the great ones, Rolf S. Andresen, at the age of 87. He was an exceptional person in all respects. He was a devoted husband to Lois for 60 years, a loving and supportive father to Debbie, Charles and Roger, and an amazing grandpa to Xander, Sydney and Dani. All of us had the opportunity to be with him and let him know how loved he was in the final months while he was suffering with Lewy Body Dementia. His parents, Erling and Alvina Andresen, were Norwegian missionaries who journeyed to Argentina to spread the word. Rolf was born in Cordoba, Argentina on April 22, 1935 and had 7 wonderful siblings. He was a natural born musician who could play any instrument without sheet music which brought such joy to all. Always an intellectual with a passion for reading and learning about history and philosophy. Despite a very humble upbringing with little means, he pursued higher education and worked tirelessly both night and day. He went on to receive his MBA at NYU followed by a highly successful career with the airlines at executive level positions. His love for travel and learning and innate intellectual talent suited him well as he became proficient in 4 languages.

But far more impressive than his career was his character. He had unsurpassed patience, discipline and composure. At the same time, he was a kind, warm, engaging and endearing human, that brought light into all those that had the opportunity to be in his life.
