“ *We the Batson family met Ronna back in 1998 when our oldest and their oldest found out they lived in the same neighborhood. That was the beginning of all sorts of family outings, road trips and shenanigans. Ronna had the best sense of humor and we constantly took comedicated jabs at each other. What's comforting is the many memories you allowed us to make! We will never forget but cherish those memories forever. With that all being said she wasn't just a friend but family. You will be truly missed, we love you and you will always be in our hearts. "The Batson Family"*

“ *I met Ronna when she was about 19 years old. She would watch my daughter and eventually my son as well. My husband was in the Navy and gone for long periods of time, Ronna stayed with me during those deployments and we very quickly became very close friends. I could talk to her about anything. She was the kindest most generous soul I have ever met. She would do anything for anyone and those of us that know her, know what a true statement that is. Ronna had a smile and laugh that would light up the world. I am so grateful that we reconnected again over these past few years. Ronna was able to meet my daughter’s children and they got to see what a wonderful woman she was. I know she is watching over them. As I have read some of the other memories of people we all agree Heaven has gained a beautiful, generous angel but definitely way too soon for all of us left here to live without her.*

Ronna I will miss you all the days of my life and look forward to the time when we are reunited again to talk and laugh. Rest In Peace my dear friend. I love you more than you know.

“ I met Ronna when I was in the 3rd, I found out that the new girl in our class(Blake) lived in our neighborhood so I walked over to play and never left. Ronna was like a second mom to me and like another grandmother to my kids but, she was also my best friend. I could talk to her about anything and everything, good or bad, big or small It didn't matter,she always listened and gave the best advice(I didn't always take it although I probably should have). The memories I have of her are countless from the time she tried to cook me my favorite food, to our numerous shopping trips, to making me listen to music I couldn't stand(like Dixie chicks when I was A kid, which I may not have disliked as much as I let on but I would never let her know I actually enjoyed it). She was the kindest, most generous person I've ever met. Her laugh was infectious, we could just laugh for hours about anything. She always told me that I was the strongest person she'd ever met although, right now it doesn't feel like it right now. She was my biggest cheerleader and always encouraged me to be the best at everything I did and I will forever be grateful for that. I know heaven gained an amazing angel but I wish that they could've waited a little longer. My heart feels broken into a million pieces but I know that one day I'll get to see her beautiful face again, hear that laugh again, and give her the biggest hug. Until then I know she'll be watching over me, she always talked about guardian angels and I'm sure she will now be mine and so many other peoples as well. I'll cherish all of my memories I have with her for the rest of my life.

I love you so much Ronna and I'll miss you forever.

“ *I met Rona when my family and I first moved to Georgia, September 1998. We lived across the street from each other in a cul-de-sac. We connected instantly and are children became inseparable. I will never forget all our days sitting on the front porch and talking and laughing for hours. She treated my kids as if they were hers.*

Our friendship continued through several moves, months of busy and not hearing from each other but yet we would always reconnect and pick right up where we left off.

Rona's generosity never ceased to amaze me, when my granddaughter (11 months at the time) got sick and had to be in the hospital for several weeks, Rona left a walking dog toy at my door for her. That was the first time my little baby smiled in the hospital and actually had energy to stand up and walk with it.

Rona got to meet 3 of my grandchildren and they immediately loved her. Cadence would call her Donna to be funny and Rona just played right along with her.

We got together several times this summer and as always had the best time. She was a true friend, totally understood me, someone you could always count on. There is a huge hole in my heart. I love you my friend and will miss you forever.

“ Ronna was my closest friend. We met when we were 14. We were inseparable in our teen years she spent so much time at my house that we all thought of her as family, another sister. We shared too many great memories to even count. She made me laugh harder than anyone could, we laughed Nonstop when we were together. I can honestly say that she knew me better than anyone could, she was my voice of reason. The kindest person I know, always found the beauty and goodness in everyone (even the ones who it was sometimes hard to see it in). She was honest, loving, tender hearted and wickedly smart! I will miss her more than I can express. This world will definitely be dull without her. We lost a good one, a truly good, pure soul. Heaven gained an amazing angel for sure but I wish heaven could have waited a little longer as I need her here. I'm heartbroken to say the least. Rest In Peace my sweet friend. I love you ❤️ - Nikki

“ Rona was a wonderful niece, my favorite memory was when Matt & Gonna came to stay with us in Homosassa, FL and she expressed a longing to find arrowheads or Native American artifacts so we went to some mounds and she found a mortar pestle that was thousands of years old, she treasured that find, we will miss you until we meet again, love you Ronna.
