“ *Nana, it is because of you that we have been blessed to be a part of your amazing family. Your daughter was like a mother to me and your granddaughter is a sister to me. We cherish all of the times that we have spent together and all of the memories that we have shared. God bless, Jessica and David.##imported-begin##Jessica and David Whitkofski##imported-end##*

“ *Sally you will be missed.
You live on not only in the blood of your children and family but also in the conduct of your life. People responded to you via your integrity and principles. In your memory are we reminded of the many ways in which you loved the life God graced upon you. Song and and color, dance and culture. A life lived in firm conviction. A grand spirt that continues.

“ *What wonderful memories flood my mind when I think of Sally. For more than 20 years, she was much more than an employee, she was my friend. And she became the undisputed matriarch of the store. Beloved by customers and employees alike, Sally was the heart and soul of Karen's. To me, Sally was one of the most amazing, delightful people I've ever known. You always learned something being around her and you were uplifted from her presence. She was not only a truly gifted and elegant person, but also extremely witty, fun and brought an energy to any occasion. Sally had the most marvelous taste for design and a taste for jewelry and accessories that added just the right dash of style in her clothes.*

Words limit me from saying what a great blessing Sally was to be a part of my life.

God bless you all,

Karen###imported-begin##Karen Magill###imported-end##

“ I was very blessed to have a Grandmother I was so close to. I have the fondest memories of you Nana...From you teaching me "The Lord's Prayer", my first batch of pancakes, and my first time ironing. (It was so much more fun when I was little!) I love remembering us playing dress up and you being the first phone call I would make each holiday because I could barely wait for you to make it you our house! Thank you for all of the lunches and life lessons:) I will always cherish every moment I had with you Nana. I love you so much, always and forever...

Your Granddaughter,
Dory

And because I know how much you love Frank Sinatra...

"I'll be seeing you;
In every lovely, summer's day;
And everything that's bright and gay;
I'll always think of you that way;
I'll find you in the morning sun;
And when the night is new;
I'll be looking at the moon;
But I'll be seeing you..."

“ Kathy, It was nice to read about your Mom, she sounded like a lovely lady and I can see you inherited her spunk and can do attitude. What wonderful memories you must have, they never really leave us, you will still feel her presence everyday. So very sorry for your loss and one day it will bring smiles instead of tears. My deepest sympathy, Lorraine##imported-begin##Lorraine Miller##imported-end##

“ What a wonderful mother I was blessed to have! You taught me to be a lady, smile in the face of trouble, and to never never give up! Oh how I still recall lunches while shopping for school clothes in my ruffled socks and patten leather shoes... You were my best buddie and lifetime teacher....I will miss you with every breath I take I will laugh when I think of you making a point while waving your finger. Bravo Mom!! I celebrate your life and the difference you made in others. I love you so so much. Your ONLY daughter (she loved me more guys... Hahaha) Kathy Anne##imported-begin##Kathy Tuton##imported-end##

“ SAK, I will always affectionately refer to you this way. I will always remember the "spunk" you exhibited from the first time I met you and throughout our many years together...and the beef stew..I devoured the first pot and little Dory -years later- took over where I left off. I cherish the special memories and will miss my "church buddy". I know you will shine down on us, wish the best for us, and I hope you will save a dance for me when we meet up again. With Love from down below, Hopefully one of your favorites..Tommy T.##imported-begin##Tom Tuton##imported-end##
