“ *My aunt sissy made my childhood so much fun. We always bonded over cooking and I told her I am going to be the next racheal ray. For a while her and my late uncle opened a small restraurant and she would let me come work and keep all the tip money. She would make me the best brownie sundaes there. She had the best fish tank at her old house and my sister and I would always play with my cousin grants marbles there. We always made the best memories at her old house. And I had the pleasure of making her favorite weiner dog, Dukebomb. Although we didn't talk much as I got older, she made sure to text me every Christmas, birthday and every special event. She always called me her Rachel. I'll miss her everyday but I know she is happy to be reunited with nanny, pop pop, uncle micheal and grant. I love you aunt sissy, so much.*
