“ *My brother Scott was a loving family man and he loved his wife, Kim, faithfully and loved his 3 children with a passion. Scott was full of life, hard working diligent man for the N&S Railroad for 42 years. We talked about our families and his beloved Ohio State Buckeye's football team many times over the years. I love you Scott, and really looking forward to our meeting together in Heaven soon.*

Love,

Jeff

I still remember the day I walked into his office with that set of Ohio State glasses. his eyes lit up and this giant smile come on his face. He truly loved his buckeyes. One of the big reasons I liked working on the Railroad were the people I had the opportunity to meet along the way. Scott was a leader of men and a joy to be around. He will be missed.

“ *Scott we had some great times together riding around in that old blue car you were so proud of. When you told me you were getting it painted for 99.00 at Earl Scheib and I saw this flat blue paint job we both laughed the night away. If that old blue car could talk today there would be some great stories for all to laugh at. Scott I am going to miss you but I know your pain is gone. RIP my friend Mike Castle*

Besides being my boss, Scott was a friend, mentor, and confidant. I am forever grateful for having known him. He often spoke of his family and his love for and dedication to them was apparent. I know of no one that was more deserving of a long and happy life. God must have great plans for him to call so soon.
