To my dear sister-in-law, at each of our family gatherings you will be missed beyond words can say. You and Beth were there every step of the way to help make that day a day of memories. We are family people and loved our times together. You never missed a time together unless it was absolutely necessary which was very few. I love you and will weep with the loss of you by my side helping. I will weep, but will also rejoice in the time you were with us. I love you sweet and precious lady. Arlene

“ I'm having a hard time finding the right words. We're connected by our hearts, time, life, and distance couldn't change that. We shared laughter, tears, secrets, heartbreaks, fights, clothes, anything the other needed if we could. We grew together and friendship loyalty weren't just words. God blessed us with a special friendship and love and I'm so thankful! Rex she loved you, you got to be her bestest friend, I know you know how blessed you were to have her, never forget you were the love of her life! Krystal, Bobby and Kayla you all were her life. Terry you were her other half, and she loved you so, you had a special bond that never went away she always mentioned you.

She is going to be missed, but she has been healed and not suffering anymore. I have too many memories to mention because we did spend a lot of time together. My prayer for all the family and friends is peace and comfort that only God can give, that He'd wrap His loving arms around you in the days, weeks, and months to come. I will continue to keep you all in my prayers and if you need anything I'm a phone call or text away.

To Bobby and Betty, thank you both for letting me be another member of the family most of the time. I love you.

Rest In Peace my dear Sherry, I love you and will meet you again and you'll know me by the smile that I wear. ❤️🌹❤️🌹

Faye you mentioned what each member of her family meant to her and how close you were as friends but you were so much more to her than that she loved you dearly the 2 of you had a bond that few people experience. Everytime I would talk to her your name would come up at some point your friendship withstood the test of time and she loved you with all her heart. I always looked up to the 2 of you and when me and you was in the room with her sunday I was glad we got to have those last few minutes together. I love you Faye and if you need anything and I can be there for you I will!

I love you too! And I know how close you two were. I want you to know you are stronger than you think, and Sherry would tell you that. Just keep taking one day at a time. You can call anytime time you need to talk. I'm glad we were there Sunday and got to sing Amazing Grace. That's what she was ready for, to be in His arms covered in His love and Grace completely. She would say don't cry for me, I'm home!

“ *Sherry has been a true friend for many years. Although, we haven't seen each other in a while, she was always in my heart and on my mind. I remember a camping trip we went on and had the best time ever. You will truly be missed and always a part of my life with all the precious memories. I am praying for Rex and the family that God will give them all the strength and comfort that only HE can give. I love u all*

“ I met Sherry about 20 years ago, when our children attended the same daycare. Sherry was a mom that all the children gravitated toward, and she welcomed them all. She understood the importance of investing time with family, and her love for them was clear. Krystal, Bobby and Kayla I am so sad that you have lost your precious Mom at such an early age. It seems the Lord is sometimes inclined to take the good ones home early. I know you will use her example of love and generosity as you lead your own lives. God bless you.

“ I met her daddy (Bobby) almost 15 years ago and we have been married almost 13 years, so I met Sherry 15 years ago and she always treated me like one of the family. We never went to her house when there wasn't a group of teenagers there, you were always welcome at Sherry and Rex's, and most of the time she was cooking for them. Sherry will be truly missed. I know you are pain free and dancing on streets of gold with Jesus at your side. The Bible says we have a mansion in Glory, God said it, I believe it, so Sherry keep a room for us up there with you. I love and miss you.

“ I remember being a young girl and seeing Sherry and my older brother Bryan running around being crazy- sharing secrets and inside jokes that ONLY true best friends can understand. I looked up to Sherry as a big sister I never had, she taught me many things and I looked up to as a loving mother who adored her babies and was never afraid to live life and make mistakes as long as you learn from them. Her spirit was unbreakable and will live on in my cherished memories forever. My deepest apologies to Rex and the kids for a loss and sadness you are going through. We love you Sherry.

“ I have to memories to share just one. Sherry was much more than my cousin she was more like a sister and a best friend. She was the one person in my life that was there for every major event that ever happened in my life. Our families went on vacations together and every summer break I was at her house for pretty much the entire summer. Sherry was one of those rare people you meet in life that is genuinely kind and always willing to help others and never expected anything in return. She was my rock and the one person who never gave up on me even when it would have been easier to. She has a huge impact on my daughter and my daughter loved and respected her more than she knew. My heart is absolutely shattered that she is no longer physically here but she will always live in my memories and my heart. I miss you so much but I know you are in a far better place and you have no more pain. I am truly blessed to have had you as part of my life on earth and now have you as my guardian angel in heaven. I love you so much Fly high my sweet Angel!

“ So long for now my twin sister, we came into the world together and have a bond only twins understand, we didn't talk everyday and would even go long stretches without calling but it always struck me that when we would talk it would be at a time when the other really needed it. you have always been the strong one. I have so much respect for you and the way you lived your life. The one thing you have never been is fake and if you were lucky enough to be her friend you were most certainly a good person, of course sherry only saw the good in people. I love you and will miss you deeply. So long for now
