“ *To the Willette Family - I just heard about your mother's passing while our family was eating dinner at Chi Chi's last weekend. We went there to celebrate Anna Faraci's 88th birthday. Of course we were reminiscing about old times and the first person we brought up was Shirley Willette! I remember when she worked at Chi Chi's. She said she was working there to save up enough money to put a pool in their back yard. Well, several years later they had a swimming pool! My sisters and I have great memories of swimming at the Willette's house. We all went to school together through the years and have lots of nice memories. Shirley was such a sweet person and neighbor. My mom and dad just loved her! We will remember the happy times! With love and prayers, Linda Kearns*

“ *She was the best mother and nana ever! Cared about and for our friends and strayed animals. Would take both in when they were in need. I will miss her 😭 I hope she has made her rounds to all of our family in heaven who have passed before. I love you mom.*
