“ *Jeannie, Rita, and Jack, what can I say... I don't think there are words to describe how I am feeling tonight - to be looking at Sue's smiling face and know she is not here anymore... My heart just goes out to all of you and the pain you must be feeling. If I had known sooner, I would be down there with you. She was a special friend for SO long, I just can't believe she is gone. Whenever we were together, it was like we were back in high school - fifty years just disappeared. When she called me about the cancer, she and I both knew it wasn't good - I just didn't know she would go so fast. It wasn't fair for her to suffer anymore, so Mom and Dad can care for her now. Try to stay strong, lean on each other, and remember all the good times. With much love, Cathy May*

“ *Sue was such a blessing to Troop 287 in Marietta. Many times over the last several years she would share a presentation on Geography for the Scouts. We all enjoyed her talks and her presentations were one of the favorites for the Scouts. We will miss her and we send our heart felt condolences and prayers to the family.*

“ *I have such fond memories of Susan when we played softball together. She was so much fun to be around. We spent many hours together in our younger days. She was kind, generous and oh so smart. She will be missed by all those who knew her. R.I.P my friend.*
