“ *Terry never sugar coated anything! She was so direct, it was refreshing to be with her! I vividly remember trying to teach her to embroider! And refreshing her on driving over bridges, which she hated!*

“ *Lay'Ani: I remember when you went to the park with me in Georgia peach. And that was the last time I got to see her. And it was fun because we never got to go out with her (mostly). And she's the best great grandma I could ever ask for. She's our guardian angel.*

“ *Aunt Terry was quite a pip! You were never in any doubt of how she felt on any subject. She was also game for anything. You just had to suggest something and she was in! She and Diddy were the easiest to talk to and were such fun to be with. We will miss Aunt Terry greatly. It is the passing of an era.*
