“ *My deepest condolences to the family. I had the pleasure of spending time with Teresa during a mentoring program here at Piedmont Healthcare. She was always attentive and gave me great advice. Teresa pushed me to achieve my goals when I wanted to give up. She was an inspiration to me because she treated everyone that she came in contact with dignity and respect. I miss our talks regarding our profession, family, and life in general. She was an amazing person. For the family I pray that you receive comfort during this difficult time.*
