“ *Angelic influence, unknowing of Toms passing, checking a atmospheric anomaly with a heartfelt message to say Tom and his family have been instrumental in building quality in many lives. My sincere condolences for a truly courteous and kind family. Knowing there is life after life, the body is the capsule holding the soul, and migrates to improvements in the universe. I am honored and blessed to have had the pleasure of knowing Tom and his family. A beautiful soul ascended to heaven, away from us but closer to God, with a message he is watching after you for the rest of your lives.*

“ Tom and I met many moons ago at my nephew's Birthday party. He and I hit it off immediately with our shared love of fishing. He invited me to come fish with him or without him on his family's property in Milton. His sense of humor and cool wit was exceptional and I was always tickled by it when we would hang out by the pond or at his home. He was so kind about me bringing my black Lab Mister.. he said just before Mister went over the rainbow bridge that I could not fish without him. He was a kind man and I will miss him and his kind spirit.
