“ *I met Bill professionally about fourteen years ago doing computer and web site work for him. He was friendly and always easy to work with, the kind of person anyone could talk to. We shared a common diagnosis and occasionally discussed the challenges that come with it. In addition to his family, Bill loved his dog, Jackson. I am very sorry for the loss to his family and friends. It was a pleasure to know Bill.*

“ *I was really sorry to hear about Billy. He was one of the good guys. We grew up three blocks apart and we're the same age so I saw him every day through high school. I have good memories that I will always hold close. God bless.*
